I was blessed by the word and the presence of the Almighty God was really felt.

NATIONAL CONFERENCE AT MBERENGWA

This month we, as Zvishavane Districts managed to have a three-day conference at Mberengwa. We were together as a region Gweru Kwekwe, Bulawayo and Zvishavane District. There were more than six hundred children and they learnt many things. We had a theme about becoming a best friend with God which is from 1 Samuel 20:42. Later on they dance and played games including netball and soccer. Zvishavane won the prizes on ball games. We had a joyful time eating and drinking. Teachers have much excitement. The

service ended on the next day. They also had a small meeting with their teachers and acted a drama about David and Jonathan did in their friendship. They said a good bye to each other as the conference ended. The children enjoyed it. I wish they always have it some day.

MEETING

We gathered at Makovere for the Christmas party. We organized to have the Christmas party. We organized to have the Christmas party at Makovere. The party will on the 21st of December. All children teachers were there.

CHRISTMAS PARTY

We enjoyed the Christmas party at Makovere Church of Christ on 14 December 2025 with our precious Sunday schools who made the day unbelievable.

The party started early in the morning at 0700hours. At first, we as teachers, went with them out for them to discuss and rehearse their items. The children were talented that they were not even stammering.

When the children entered the church, they sang a melodious song that made the parents stood as it nailed to a wooden floor. They sang a choir which was praising and encouraging people to worship God. Next was the drama group which was acted with much effort about the story of the Good Samaritan.

Lastly was those with Shona and English speeches which was encouraging both elders and children to stop drug abuse.

Elders were that happy and overjoyed that they ended up donating t-shirts, food and drinks to the Sunday schools.

Our Pastor also praised them because of their performance. He also gave them a little advise about their future.

The children enjoyed the food and they ate as much as they can. The children wished the same day in their life. They also promised us that they will create more items.

The service ended at 4:00p. as they separated.
