Comments: We worked nicely in the month of December. I realised that now people want to learn because the attendance on our all night prayers and big sundays is always good. The other thing which I saw that it can help me to build a strong and good circuit, is to work together with my elders and evangelist. They seem to love the work of God now because I now recognise them. I engage them to my programs. Every big Sunday I make sure that one of our elders either he preaches or gives a lesson whilst I take care of those. The circuit is growing because of the teachings and we are hoping to have our second all night of prayer and they like the way we do our programs.

SECTION 6: OTHER ADDITIONAL INFORMATION

This month of December I conducted 2 funerals and one tombstone unveiling. I took two of my elders and we visited 5 people 3 sick and 2 of old age who are now finding it difficult to come to church. So I decided to bring them Holy communion in their homes because they can't be with us at church. These old people loves God but they are not able to come to church. So we don't want to neglect them because of their state. Thus the better way we can show them love.

The other issue is that, on the 31st of December we are planning to have a successful all night of prayer. My wish is to lead a prayerful circuit.

SECTION 7. CONCLUSION:

All in all, I would like to thank God for leading us I and my family. Wherever you are pray for us for God to help me fulfill my vision I have for this circuit. We want to bring back the lost souls to God and to the Kingdom of God.

Comments: November was good and we give glory to
God. Church services attendances were good as for
I discovered that people are responding to the word and
teachings. I hope and pray that we are going to be
a changing circuit every month. I realised that
most of them are growing in the word because
they now come to church every Sunday.

SECTION 6: OTHER ADDITIONAL INFORMATION

noticed that we need to teach them more about giving and its importance. I hope this coming month will focus on teachings than preaching. In that way they will grow. The other inspiring story is that we had a well successful allnight prayer with an amazing number. The attendance was good we were about 130 members who came for that allnight prayer. They testified that they are experiencing a great change because it was at mthombiyosi circuit to have such an

Then managed to conduct a burial at our society and they gave a chance to me to preach. Also I went to the community gathering and also they recognised me they gave me also a chance to preach. The village head announced that we have a pastor now in our society and the community welcomed me and I preached to them. So God is showing his grace to his ministry.

SECTION 7. CONCLUSION:

Above all I want to thank God for leading us to lead a big church like Mbandangor. We are looking forward to have many youth because I went to Inkezan secondary school and I requested to go and preach for the school kids next year January. I believe that they need to be taught at school so that they will come to Christ. I prayed and hope that the strategic will bring many souls to Christ.
